DEPILATORY CREAM کریم مزیل للشعر

With its special formulation, AGISS depilatory cream helps you remove even thinnest hairs fast and easily without any pain. Various formulations for different skin types enables every user to achive a smooth skin.

يساعدك بخاخ مزيل الشعر بتركيبته الخاصة على إزالة الشعيرات الرقيقة بسرعة وسهولة دون ألم. تتيح التركيبات الدقيقة لأنواع البشرة المختلفة لكل مستخدم الحصول على بشرة ناعمة

Get Rid of Hair

The main benefits of depilatory cream is its painless, easy to use and smooth results. They are not painful because instead of removing the hair from the root, they dissolve the keratin proteins in the hair within few minutes. In this way, when you clean the cream by wiping it with a spatulo or washing it during shower. It is perfect for people with low pain threshold or sensitive skin

Recommendations Sensitivity Test:

Apply Agiss hair remover cream to a small area first, and wait 7-8 minutes then clean the cream with the provided plastic spatula and rinse the area with water. If your skin does not show any irritations you can apply the cream to the other areas. This test helps you to determine how long you should wait to get the best results, and also to know the needed quantity.
